*It feels good to be able to give back to Siena; to say ‘thank you’ for all that the Siena experience has done for me. Siena helped me to become the person I am today and to approach my personal and professional life with compassion. I’m grateful for academic experiences and friendships that will last a lifetime. Siena College needs our support in order to continue to offer a quality education in the Franciscan tradition to the next generation of students. I’m glad to know that my President’s Circle contributions help strengthen the College.”*

The Siena College Annual Fund remains the most fundamental way to support the efforts of the College to realize the vision of our founders—to provide a quality education at an affordable cost, in the Franciscan heritage. Contributions made to the Annual Fund are utilized immediately, where most needed, benefitting Siena students both in and out of the classroom. 95% of Siena students receive some form of financial aid, and the College provides over \$22 million in grants and scholarships, making a Siena education within reach for students with the greatest need. Partner with fellow alumni, parents, friends and corporate philanthropists who share Siena's vision as members of the Siena College President's Circle.

*Being a member of the President's Circle is my way of giving back to Siena by helping today's students receive the same quality education I received 43 years ago.*

*I have developed many friendships over the years through my association with the President's Circle, and I always look forward to President Circle events, as well as phoning sessions. I think of them as mini reunions.*

*I have good fortune to not only have graduated from Siena College but have a son who has also done so. As a President's Circle member I am doing my best to ensure that the students of both today and tomorrow are provided a rigorous education, tempered with a sense of social responsibility. My donations are reflected in visible, positive impact and fulfill my personal desire for continuous improvement in the spiritual and social/emotional dimensions of my life.*
