There will be a student task force to help shape the language of the policy.

RESIDENCE HALL ASSOCIATION REPRESENTATIVE: St. Amour has no formal report.

Student-At-Large Reports:

STUDENT AT-LARGE 1: McKenna reports that he performed the usual PR survey at Coffehouse last week and of the 23 Surveyed: 12 Learned about it from email, 8 Learned about it from friends, 1 Learned from the flyer, and 2 Just walked in.

STUDENT-AT-LARGE 2: Schoonmaker reports about an idea to help the student body better understand the role SEB plays on campus. The general idea is that once or twice a week, a member of SEB would hang out for like a hour right outside the wrap shop at a table with some sort of sign or something. If any students want to know something more about SEB, they can simply come over and ask their questions. It also gives the chance for more students to let us know what they want to see on campus for events, what they liked about events, what they didn't like, etc. This way we can have a broader feedback to pull from when planning future events. A possible add-on for this would be to have RHA and Senate also join in on it to further help the student body recognize what all 3 organizations do and how the students can get involved with them.

SEB ADVISOR: Fraley reports in news from Campus Programs. They are selling tickets for Cirque du Soleil at the Info Desk for this Sunday's show.
