Intensive Leadership Development Opportunity

What Is It?

The leadership institute is designed to help academic librarians build their leadership skills. This program prepares academic librarians to become highly skilled and successful managers in a college or university.

When/Where Is It?

The classes will be held on the campus of Siena College in Loudonville, New York during the week of July 23– July 27, 2018 (arrive July 22nd for welcome ceremony).

Who Should Attend?

Academic library leaders or those aspiring to leadership positions. In the past, attendees have been from a variety of schools: SUNY, Carleton, UConn, CUNY, Colgate, Stony Brook, RIT, Western Kentucky, and Wheaton College to name a few.

What Is Our Focus?

Leader Development: “Are great leaders born or made?” is a challenging question all organizations should be asking. We believe Leadership is a skill that can be developed and the sessions on leader development offered by the ILD will benefit leadership at all levels of your organization.

High-Performing Teams: When individuals work well together in teams organizational effectiveness is enhanced. High-performing teams come from a cohesive group of individuals working together.

Organizational Effectiveness: Strong leadership and high-performing teams help build organizational effectiveness. However, your people must have a broader perspective to ensure organizational success. These sessions focus on leadership thinking on an organizational level.
