- Residence halls crime statistics are a subset of the On Campus category, i.e. they are counted in both categories.

As required under the Clery Act the following report indicates the number of reported occurrences of the listed offense that manifest evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For the purposes of the Clery Act, the categories of bias that may serve as the basis for a determination that a crime is a hate crime would include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. For all offenses reported below, the category of bias will be noted in the table footnotes.
