

STUDYING ABROAD AS A BIOLOGY B.S. MAJOR

Study abroad enables biology students to examine global trends in healthcare and biological research, study at world-renowned universities, pursue academically and professionally-focused internship and research opportunities, and so much more!

MAJOR COURSES ABROAD

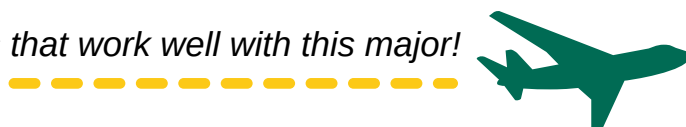

The following courses in the Biology B.S. major can be completed abroad:

- BIOL electives

Students should prioritize taking auxiliary courses (i.e. chemistry, math, physics) at Siena. Most of these courses cannot be done abroad.

Students can also complete Core requirements abroad including, but not limited to: CDA (Creative Arts), CDS (Social Sciences), and Franciscan Core (CFD, CFH, CFJ).

Check out possible study abroad locations that work well with this major!

STUDY ABROAD LOCATIONS

The following study abroad locations offer excellent courses for Biology B.S. students, some of which can count as upper-level biology electives:

GAIAS (Galápagos Islands, Ecuador)

Coursework includes:

- *Origin of Species & Island Biodiversity*
- *Native & Introduced Plants of the Galápagos*
- *Wildlife Conservation Biology*
- *Quantitative Field Ecology*

University of Otago (Dunedin, New Zealand)

Coursework includes:

- *Reproductive Biology*
- *Microbes to Medicine*
- *Plant Functional Biology and Biotechnology*
- *Analytical Forensic Biology*

University College Cork (Cork, Ireland)

Coursework includes:

- *Evolution & Diversity*
- *Biochemistry of the Central Nervous System*
- *Cancer Biology*
- *Protein Science*

Stellenbosch University (Stellenbosch, South Africa)

Coursework includes:

- *Understanding HIV in South Africa: A Health & Social Justice Perspective*
- *Applications in Biometry*
- *Natural Forest Ecosystems*

School for Field Studies (Bocas del Toro, Panama)

Coursework includes:

- *Tropical Coastal Ecology*
- *Principles of Resource Management*
- *Environmental Policy & Socioeconomic Values*

But wait - these aren't the only options! Plenty of additional study abroad locations offer numerous courses for Biology B.S. students including Australia, Fiji, South Korea, and United Kingdom.

WHAT'S NEXT?

- Visit siena.edu/studyabroad to research further opportunities for your undergraduate international experience
- Contact the Center for International Programs (Foy Hall 301, or email international@siena.edu) to chat with a study abroad advisor and begin planning!
