STUDYING ABROAD AS A BUSINESS ANALYTICS MAJOR

Study abroad enables business analytics students to engage with the field in a new cultural context, meet with local, national and international business leaders, pursue internships across all industries, and so much more!

MAJOR COURSES ABROAD

Students majoring in Business Analytics should prioritize taking major courses at Siena, including their Business Core. With few exceptions (such as CSIS elective), most of these courses cannot be done abroad.

Students can complete Core requirements abroad including, *but not limited to*: CDA (Creative Arts), CDS (Social Sciences), and Franciscan Core (CFD, CFH, CFJ, CFN).

Check out possible study abroad locations that work well with this major!

STUDY ABROAD LOCATIONS

The following study abroad locations offer excellent courses for Business Analytics students:

CIEE Internship Program (London, England)

Coursework includes:

- *International Finance*
- *Survey of International Economics*
- *Artificial Intelligence*
- *Global Internship (20 hrs/week)*

Australian Catholic University (Melbourne, Australia)

Coursework includes:

- *Money Matters*
- *International Trade*
- *Data and Information Management*
- *Introduction to Data Science and Machine Learning*

University College Cork (Cork, Ireland)

Coursework includes:

- *Probability and Mathematical Statistics*
