# STUDYING ABROAD AS A SOCIAL WORK MAJOR

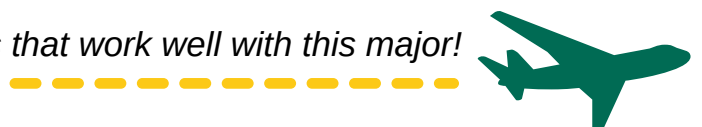

Study abroad enables social work students to gain valuable skills adapting to and working with people from other cultures, participate in professionally-driven and community-oriented internships or service learning projects, and so much more!

## MAJOR COURSES ABROAD

Social Work students should plan to take all required SWRK courses at Siena, as these cannot be done abroad. Courses in the auxiliary (such as SOCI, ECON or POSC) may be completed abroad. Due to the sequencing of required courses in the junior and senior year, Social Work students who wish to study abroad *for a full semester* can do this only during the spring of sophomore year.

Students can also complete Core requirements abroad including, *but not limited to*: CDA (Creative Arts), CDS (Social Sciences), and Franciscan Core (CFD, CFH, CFJ, CFN).

*Check out possible study abroad locations that work well with this major!*
